

EMMANUEL FROISSANT

UI/UX DESIGNER | INTERACTION + VISUAL DESIGN

Montréal, QC • efroissant@outlook.com • (514) 553-9518 • emmanuelfroissant.com

PROFILE

UI/UX Designer with 5+ years of experience designing digital products across interaction and visual design. Experienced in Figma, design systems, prototyping, UX Audits, accessibility, and close collaboration with product and engineering teams in Agile environments. Background in Art Direction and graphic/web design brings a strong visual craft to product design, while experience in complex product environments supports structured, evidence-based design decisions.

EXPERIENCE

UI/UX Designer | Groupe Voyage Québec, Montréal | Jan 2024 – Aug 2024

- Designed and delivered ~30 MVP screens over 8 months for a B2B event SaaS platform covering search, booking, and activity management, using Figma for wireframes, high-fidelity designs, and interactive prototypes.
- Established product tracking and iterative design reviews; documented specifications and design decisions in Jira to support design–engineering handoff.
- Served as the sole design contact for the CEO and Product Lead, balancing UX decisions, user-story prioritization, product goals, and engineering constraints.
- Adapted solutions to contractual and technical constraints while maintaining visual quality through rapid iterations.

Product Designer | Accenture / Loblaw Companies Limited, Toronto | Jan 2021 – Oct 2023

- Designed more than 100 user stories over three years, producing high-fidelity screens and supporting progressive rollout across Québec and Canada using Figma, components, and prototypes.
- Advocated for and integrated WCAG 2.1 AA accessibility practices in patient-form design, helping standardize team guidelines and improve the experience for users.
- Documented technical specifications and assets in Confluence and Jira and communicated designs to engineering teams in English to support accurate implementation.
- Worked in a hybrid Agile/Waterfall environment, collaborating closely with developers to define scope and adapt solutions to technical constraints.
- Led strategic design initiatives and conducted pre-cycle UX audits to align user needs, regulatory requirements, and product objectives.

UX/UI Designer | Fizz / Vidéotron, Montréal | Sep 2019 – Nov 2019

- Designed a responsive e-commerce purchase journey (~8 screens) across desktop and mobile, from wireframes to high-fidelity designs and interactive prototype.
- Conducted competitive benchmarking and aligned the design with telecommunications market standards to support conversion.

Art Director & UX/UI Designer | Cossette, Montréal | Jan 2018 – Jan 2019

- Led art direction and digital design for event websites and campaigns for Aéroplan Air Canada and Roche Diabetes Care.
- Managed the creative cycle from client presentation and iterations through validation and production.
- Delivered social media and email campaigns across two accounts within 2–4 week production cycles.

Web Designer | Prospek, Montréal | Sep 2017 – Jan 2018

- Produced digital and print creative for marketing campaigns for Sunwing, Eska, and Olives from Spain.

Graphic Artist | Budge Studio, Montréal | Jan 2016 – Jan 2017

- Created marketing visuals and promotional videos for licensed video games under Mattel, Hasbro, Nickelodeon, and Disney.
- Provided art direction for multi-format campaigns within international licensing constraints.
